

UE 900S

\$399

One size fits all.

When you want the sound of a custom in-ear-monitor with the convenience of a universal fit system. Every tour should have a few extra UE 900s on hand.

UE 4 PRO

\$399

For session musicians & home recording enthusiasts.

The UE 4 Pro delivers the power of personal monitoring at a fraction of the price. Hearing yourself should be a luxury.

UE 5 PRO

\$600

For weekend performances.

The UE 5 Pro is the original dual driver custom in-ear monitor with exceptional frequency response and extended headroom.

UE 7 PRO

\$850

For guitarists, keyboardists & singers.

Robust, powerful and tuned for live sound. The UE 7 Pro is big and bold - full of growl, crispness, depth and additional midrange details.

UE 11 PRO

\$1150

For bass players, drummers & DJ's.

A dedicated sub delivers tight punchy bass. The UE 11 Pro was designed specifically for those who need more low end.

UE 18+ PRO

\$1500

The culmination of more than 20 years of experience.

The new UE 18+ Pro takes the excellence of the original award-winning UE 18 Pro and adds our proprietary precision True Tone drivers. Feel upper register harmonics, hear improved presence, and enjoy clear warm sound.

UE REFERENCE REMASTERED

\$999

For producers & studio engineers.

High resolution studio reference monitors developed in collaboration with Capitol Studios. Record and mix. Anytime, anywhere.
